

*Note: Deadline extended  
to 20th June 2015*

**International Conference  
Water Resources Assessment and  
Seasonal Prediction**

**Koblenz, 13 – 16 October 2015**

**Call for Papers, Schedule, Registration**

**Call for papers**

If your domain of expertise lies in one or more of these thematic topics and you wish to make a presentation, or if you are simply keen to learn more about progress in these areas, please respond to this announcement using the email of the conference secretariat: Ms Ana María Conde Corral, email: [contact@worldwaterbalance.org](mailto:contact@worldwaterbalance.org).

You may submit an abstract for either a verbal or a poster presentation. Please do not forget to indicate your desired session topic. Depending on the numbers, posters may be split over several poster sessions. The Science Support Group reserves the right to convert a request for a verbal presentation to a poster, or vice versa, if considered more appropriate.

Abstracts should be submitted in English and be no longer than 500 words. In the case where there are several authors, we kindly ask for one coordinated response. Please note that the person who submits the abstract will automatically be identified as the presenter and point of contact for future correspondence. It is regretted that submissions of abstracts arriving after the deadline of 20th June 2015 cannot be processed.

The Scientific Support Group of the conference will review abstracts for inclusion in the conference program. Authors of selected abstracts will be notified (via e-mail) by 30th July 2015. The selected abstracts will be posted on the conference webpage.

The preliminary program is attached to this First Announcement.

The Second and Third Announcements will be available by 30th June and 20th August 2015, respectively.

General information including logistics and accommodation will be issued with the Second Announcement. An email will be sent to those who have responded to the First Announcement, drawing their attention to the availability of the Second Announcement online.

**Conference schedule**
