

International Conference
Water Resources Assessment and
Seasonal Prediction
Koblenz, 13 – 16 October 2015
Second Announcement

Response to the Call for Papers of this International Conference has been highly satisfactory. Up to 29th June 2015, the organizers have received 100 abstracts.

The abstracts are now under review and after 30th July 2015, authors will be informed of the acceptance of their abstracts as full papers or posters. Authors of abstracts that will not be accepted under the theme of the conference will be likewise notified. Submission deadline for accepted full papers and posters will be 10th September along established guidelines.

Authors with accepted papers/posters will receive a formal invitation by 10th August.

Electronic registration for the conference is now open and the registration form is attached. Only electronic registration is considered. Please inform the conference organizers in case you need a letter of invitation to facilitate for the application of a visa to Germany. In this case, full contact and personal details including a copy of the passport are needed.

Some limited funds may be available for participation of authors with accepted papers/posters and the conference organizers are striving to inform authors by the time of the invitation of the availability of funds and modality to apply for. Such funds are reserved exclusively to a limited number of persons whose abstracts have been accepted.

There is no registration fee for the conference and participation is possible also for those who did not submit an abstract. As space in the conference room is limited, participation of non-speakers is registered on a “first-come first-served” basis.

The Science Support Group (SSG) is composed of following members:
